Beth Thompson RDH, BS owner of The Dental Connection, and Founder/Director of CareerFusion, and former Editor in Chief of Contemporary Oral Hygiene, is a graduate of Indiana University. She has enjoyed a varied career clinically, as an industry consultant, and currently lectures on practice management strategies and dental hygiene therapies.

Friday April 3rd, 2009 “Premeditated Dental Hygiene”:

6 CE hours

Learn to build effective health partnerships with your patients. Eliminate the “just a cleaning” appointments by focusing clinical time to relationship building and achieving dental health goals. Discover how to address clinical dilemmas with comfort and confidence. Prepare for tomorrow today by individualizing your appointment scheduling to address realistic, meaningful expectations from each appointment. New diagnostic tools for early decay detection and perio infection will be introduced, along with treatment implementation ideas to utilize now and in the future.

Saturday April 4th “GOOD VIBRATIONS”:

3 CE hours (Hands On Learning)

Participants will be introduced to the current science and applied technology of ultrasonic therapy. Participants will develop clinical familiarity with ultrasonic techniques for routine dental hygiene procedures, perio therapy; including debridement, implant maintenance and oral disinfection therapy. New diagnostic tools will be introduced, a review of perio probing and recording protocols, pain control options explained, along with suggestions on treatment implementation now and for the future.

Detailed course information can be accessed at www.beththompsonrdh.com

Be sure to check out our website www.asdha.com for any additional information, CE registration forms also available on the website.

We look forward to seeing you at the CE courses and the ASDHA Spring Business meeting. Be sure to spend time on Saturday visiting the UAA Dental Hygiene Student Table Clinics.

The first 50 people to register will be entered in a drawing to win a Sonicare FlexCare !!
